### CAREER SUMMARY:

---

Detail-oriented and enthusiastic Front-End Developer with 1 year of hands-on experience in building responsive, user-friendly web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks like React.js. Experienced in working with RESTful APIs, version control systems (Git), and integrating UI libraries such as Material-UI and Bootstrap. Passionate about creating seamless user experiences and writing clean, maintainable code. Strong understanding of responsive design principles and cross-browser compatibility. Eager to contribute to collaborative teams and grow as a developer in a dynamic environment.

### WORK EXPERIENCE:

---

Front-End Developer | 12 Feb, 2024 – Present.

**Thrivull Technologies Pvt. Ltd., Hyderabad.**

- Developed and maintained responsive web interfaces using HTML5, CSS3, JavaScript, and React.js to enhance user experience and performance.
- Implemented reusable components with React and styled them using Bootstrap and custom CSS, ensuring consistent UI/UX across the application.
- Integrated RESTful APIs to fetch and display dynamic data, improving interactivity and functionality.
- Collaborate with other developers to update the website and create new features.
- Built and maintained websites for clients through various online platforms
- Ensured cross-browser compatibility and mobile responsiveness using media queries and Bootstrap's grid system.
- Utilized Git for version control and participated in code reviews to maintain code quality and consistency.
- Created and tested applications for websites.
- Filed reports, gathered information, and performed research.
